

A New Kind of Business Accelerator

Do you want to improve your chances of success in business and still follow your passion, realize your purpose, make a profit and do good? Or, would you like to leverage your expertise into a new self-sustaining venture that will impact the world with your knowledge and generate a lifestyle you can live with?

If this sounds like you, you are in the right place. GAIA welcomes you.

GAIA - The Global Accelerator Program for Impact and Awareness™ is unlike any other accelerator program in the world today. Dedicated to accelerating the success of sustainable, scalable, high-impact businesses that are mission driven, GAIA was launched in 2013 by Dr. John G. Locke, Spiritual Entrepreneur, Professor and Author of the forthcoming book: "The Impact Entrepreneur: Consciously Aligning Passion, Purpose and Profits to Make A Sustainable Difference."

Our Mission is to enable an emerging global community of conscious businesses, business owners and entrepreneurs to succeed in their chosen ventures, so they can leverage the power of passion, purpose and profits to create a positive impact for good and be the change they want to see. Our programs offer conscious business owners anywhere on the planet access to what we believe are essential components to grow strong and sustainable businesses including:

- Structured business accelerator programs and mentorship
- Support in strategic planning to build strong businesses
- Proven tools, systems and process to reduce the risk of failure
- Guidance in developing practical business skills
- Coordinated professional services, infrastructure and solutions to accelerate your time to market

Our clients are mission driven businesses and entrepreneurs, intent on bringing to market a variety of products and services, but all committed to impacting the world in a positive manner and leaving a lasting legacy for good. Businesses we work with operate in a wide variety of sectors, but all share one common goal; in addition to becoming self-sustaining, successful businesses they are committed to improving economic opportunity, social advancement, environmental management and or spiritual development of the people and causes they care about.

For more than 30 years, our founder Dr. John G. Locke has been helping Fortune 100 corporations, Silicon Valley startups, top universities, experts, conscious entrepreneurs and independent professionals, successfully design, bring to market and innovate hundreds of products, services and businesses around the world, and he has created this program for conscious business owners like you.

If you have the ability, the means, and desire to turn your passions into a successful business and you can commit the necessary time, money and resources needed to achieve your mission, become a purposeful agent for change, create enlightened wealth and leave a legacy for good, then we support your vision and invite you to join the movement.
